

IAEI BENJAMIN FRANKLIN CHAPTER

IAEI MEMBERS, CONTRACTORS, INSPECTORS, ENGINEERS,
ARCHITECTS, ELECTRICIANS AND ELECTRICAL PROFESSIONALS

MARCH GENERAL MEETING NOTICE

The Benjamin Franklin Chapter of the IAEI is very fortunate to welcome into town Field Application Engineer Christy Rosati of Eaton Bussmann as our featured speaker for the March meeting. Ms. Rosati has spent almost her entire career with Eaton Bussmann. Christy has extensive training in short circuit protection and current ratings, selective coordination, overcurrent protection, interrupting ratings and series rated systems. She provided invaluable input into the Bussmann *Selecting Protective Devices Handbook*.

The presentation will provide detailed instruction about short circuits, short circuit current ratings and interrupting ratings, and new NEC labeling requirements for available fault currents. Then we will delve into the difficult world of selective coordination. What is it? How do we achieve it? Where MUST we provide it? Can it be verified? Surely, this is information that you must have now that we have new codes in the Commonwealth of Pennsylvania!

After attending this meeting, you WILL be a more knowledgeable, better-informed electrical professional. YOU MUST NOT MISS THIS! So please, join us for an outstanding educational opportunity, a delicious meal, and an unparalleled networking opportunity. All attendees who register will receive a CEU Certificate reflecting 2 hours (0.2 CEUs) of training.

PLEASE NOTE THAT PHONE RESERVATIONS ARE NO LONGER AVAILABLE

THE DETAILS

<u>Date & Time:</u>	Tuesday, March 19, 2019 - Dinner @ 6:30 PM
