

IAEI BENJAMIN FRANKLIN CHAPTER

IAEI MEMBERS, CONTRACTORS, INSPECTORS, ENGINEERS,
ARCHITECTS, ELECTRICIANS AND ELECTRICAL PROFESSIONALS

APRIL GENERAL MEETING NOTICE

The Benjamin Franklin Chapter of the IAEI is thrilled to welcome Board Member and Senior Electrical Inspector of the City of Philadelphia, Robert “Bob” Parissi as our featured speaker in April! Bob has a lifetime of experience in the electrical industry. After having worked as an electrician he then opened a very successful electrical contracting business. More recently, Bob worked as an electrical inspector for a well-known agency. He was then asked to help his beloved City and step into a role in code enforcement for the Licenses and Inspections Department of Philadelphia. Bob also sits as the City’s representative to the Ben Franklin Chapter BOD.

Bob has assembled a series of photographs illustrating violations of the NEC. He will show you the evidence, cite the section violated, and offer his expertise toward the proper, compliant way to do the job. He will cover violations in Articles 110, 210, 230, 240, 250, 300, 334, and 695. From working space to type NM cable to fire pumps, this program will show what was done improperly and educate you on the way to get approval for the installation. Couple this presentation with the comments that are sure to come from our talented, expert membership, and you have an evening that will elevate your knowledge base!

YOU MUST NOT MISS THIS! So please, join us for an outstanding educational opportunity, a delicious meal, and an unparalleled networking opportunity. All attendees who register will receive a CEU Certificate reflecting 2 hours (0.2 CEUs) of training.

PLEASE NOTE THAT PHONE RESERVATIONS ARE NO LONGER AVAILABLE
